A yearbook exists to tell a story — a story of a time and a place. The time of this yearbook is 1966-67. The place is Norwalk High School. The book tells of the people who worked and played here.

A yearbook tells its story in pictures. It tells of activities, of achievements and even of failures. It shows people in fun. It also shows them in work. It tells a story of teachers and of administrators who make classrooms successes or failures.

A yearbook tells a story of a community also — of its interests, its accomplishments, and of its pride.

This year, we of the EL LANCERO staff have tried to tell a good story, a true one. We hope it will tell a memorable one for you.

Activities

Activities this year at Norwalk are high spirited. There have been more assemblies and special events, and more participation from the students and faculty. New methods have been used to help organize school functions. Activities are a very important part of campus life.

Norwalk High School

NORWALK HIGH SCHOOL opened in the fall of 1956 with a faculty of seventeen and a student body of three hundred and forty. MR. RODGERS was principal. It was the third high school in the Excelsior High School District. Today in 1967 NORWALK is the largest high school in the NORWALK-LA MIRADA SCHOOL DISTRICT with a faculty of ninety-one and a student body of twenty-two hundred.

During this ten year period of growth, NORWALK has tried to maintain its academic standards and its philosophy of doing what's right for students.

THE NORWALK HIGH SCHOOL BAND is one of the finest in the area. Under the direction of Mr. Monte LaBonte, our band has played at football games, concerts, parades, and contests of every kind at home and away. In contests, it is always on top or very close to it. This year's Cee team had an outstanding season and captured the San Gabriel Valley League Championship. Arduous work and long practices paid off for our energetic team. The boys did a fine job on the field and played as a "team". Their continuous winnings raised school spirit and enthusiasm on campus. They finished with a fantastic 7 win, 1 loss season. This is the third time that a Norwalk High Cee team has won the League Championship.

Water Polo 1966-67

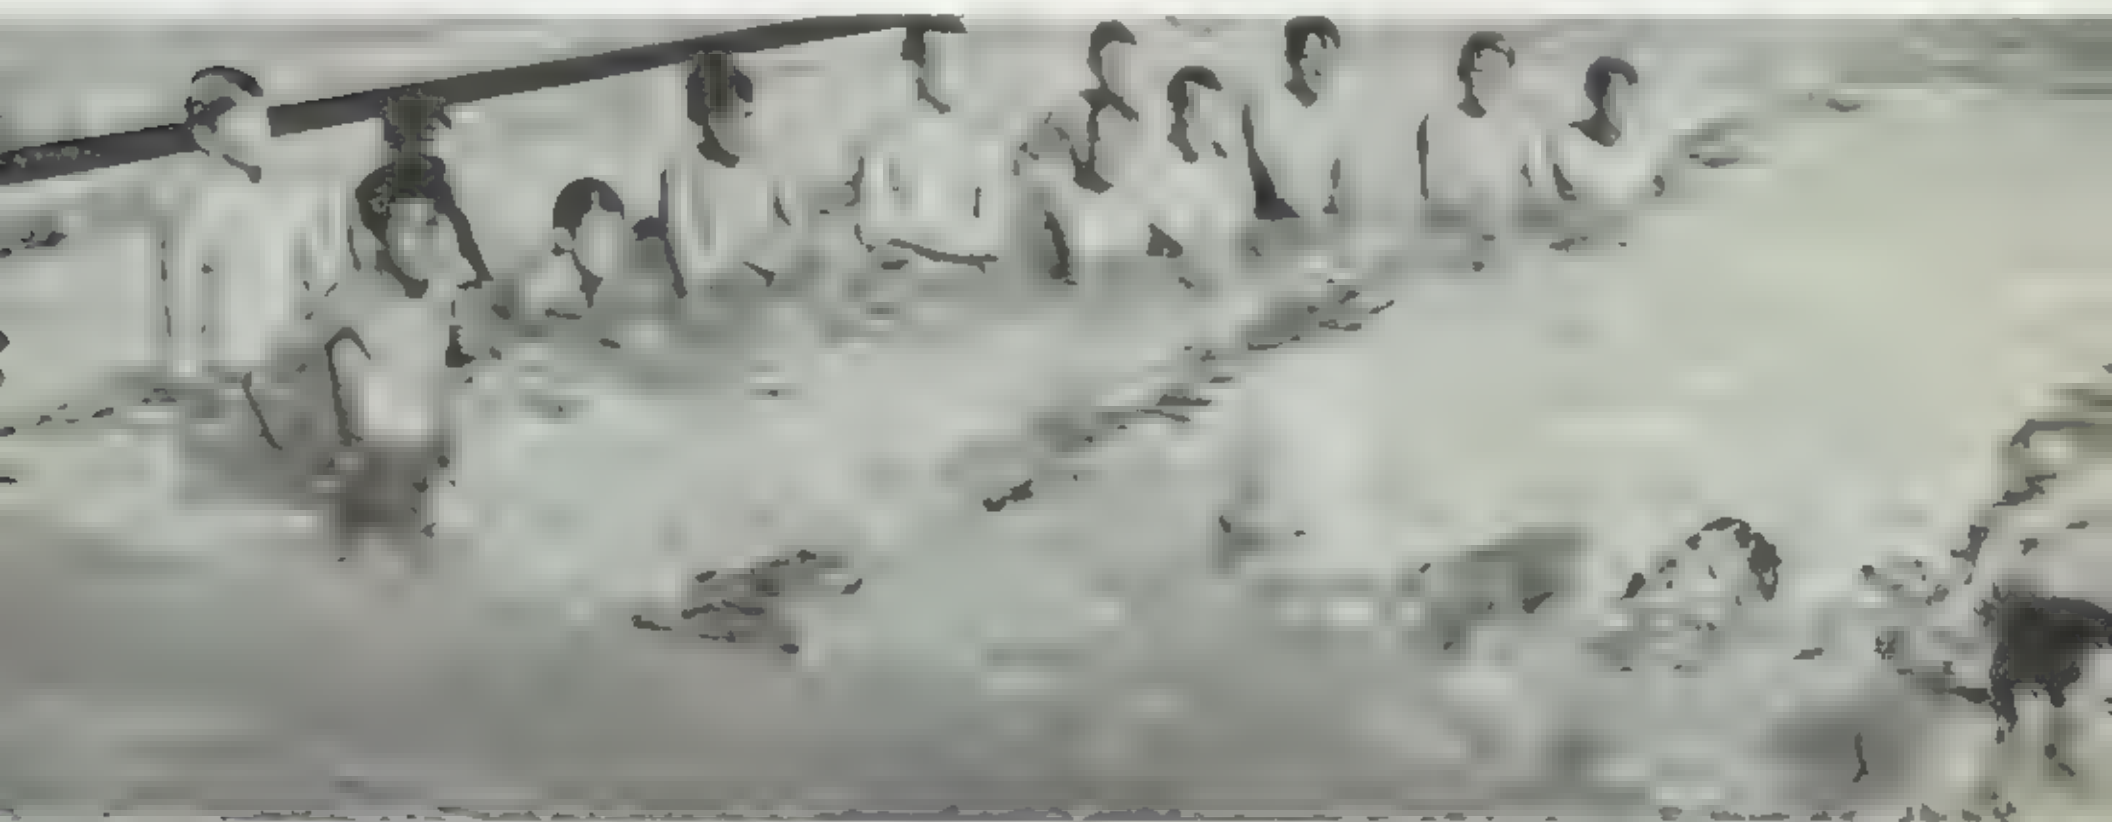

This was Norwalk's finest season and one of the best teams we've ever assembled.

The key to the success was the help of Coach Tack handling the varsity squad. This meant one coach working with only twelve boys instead of forty.

The team still lacked the ability to work together as a unit, but in tight situations put forth with such great individual efforts that it made up for the other deficits. We are losing six talented seniors this year, but we are looking forward to many aggressive under-classmen to replace them.

Norwalk's Varsity wrestling team gave a superb demonstration of their athletic skills and had an untied and undefeated season. It is the first time Norwalk has had such a team. The entire team won —averaging 41-12 "This is a tough league," stated Coach Estes. "not an easy one." Norwalk qualified 25 per cent out of all C.I.F. men. It will probably be years before Norwalk has another group like this year's Varsity wrestling team. Also the team placed 20th out of 200 high schools in competition.

For the 4th year the Norwalk High School Rifle Team has qualified for the State Championship Rifle Matches and completed the District competition undefeated. In the Regional competition, which consists of six divisions for team matches on three different weekends, and competing against 16 Southern-California Schools, Norwalk took one first and five seconds.

Norwalk qualified for the State Championships in both the 5-man and 10-man team divisions and qualified three individuals: Terry Dowty, Tony Cole, and Richard Michel, for the 1967 State Rifle Championship Matches to be held at San Luis Obispo.

Congratulations On A Good Year

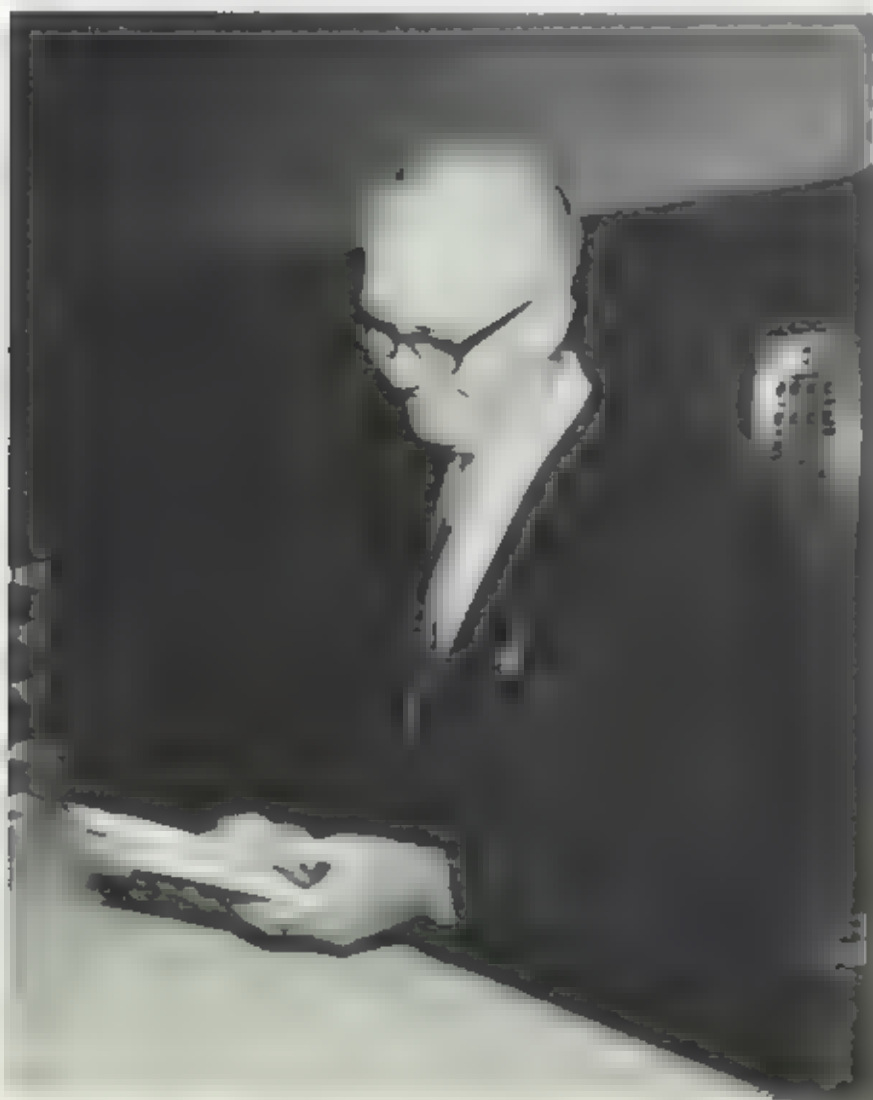

Mr. Rodgers explains what to type to Mrs. Clifford

MR. ORVAL RODGERS
Principal

Congratulations to the student body for one of our finest years. It is always difficult to single out any one reason for having a good year but this year I would say that school spirit has been the most notable improvement. In addition we have had a cabinet and senate that have given both time and effort towards making Norwalk High a better school. Even as you read this annual you are seeing an example of continued improvement.

This is my eleventh year as principal of Norwalk High School and it has truly been one of the finest years I have known.

Mr. Rodgers checks morning mail.

Typing is just one of the many jobs of a principal's secretary

A Busy Year

Assistant Principal LAURENCE McKENNA

MR. McKENNA dictates as MRS. WALKER types

Mr. Laurence McKenna, our Assistant Principal, has busied himself this past year with various responsibilities. A few of these are representing Norwalk High at district and inter-school district meetings, supervising classroom procedures, ordering all material and equipment used by the faculty, administering the summer school program. He also works with the principal and head counselor in making up the school year class schedules. His job is a big one, but we feel Mr. McKenna can and has carried out his job to it's fullest.

MR. GEORGE KIMBALL

MRS. LA DOYNE CRAIG

Mr. George Kimball and Mrs. LaDoyne Craig have the responsibility of the disciplinary action taken towards the boys and girls at school. Among their duties are representing Norwalk at county and district meetings, supervising all school activities, keeping merit records for all students, counseling with students and their parents, and working with juvenile authorities. Mr. Kimball and Mrs. Craig have carried out their jobs successfully as another school year has passed.

Mrs. Riley finishes some work for Mr. Kimball.

A great amount of work goes into the operation of a high school library. This year was MISS NANCY JONES' and MRS. CAMPBELL'S first year and the year must be considered a very successful one. The library has functioned smoothly and has been a place where students and teachers always felt welcome.

Indispensable To Our Campus

MRS. WHEELER checks out text books for every student in school. This is a big, big job. She puts in many extra hours to keep track of thousands of books. We're lucky to have someone so efficient.

The gym attendant, MRS. F. FRESHNER, takes care of all the gym equipment used by the girls in Physical Education. She works in the locker rooms and keeps things organized and available. The P.E. teachers are happy to have her there.

MRS. SCHRADER is the finance clerk at Norwalk. She keeps the books balanced. Thousands of dollars are involved and it is an exacting job. Fortunately Mrs. Schrader has a good sense of humor. She makes the office fun.

The show consisted of various acts such as Mr. Kimble (as superman) rescuing Miss Delo (lady in distress) from Muscle Man Lugo. Mr. Wiley's appearance as the Phantom of the Opera and Mrs. Regalado's rendition of "Frankfurter Sandwiches" left nothing to be desired.

The successful Talent Show brought in \$500 which will be used for a scholarship for one of the hardworking Seniors here at Norwalk High.

Seniors in Mr. Martin's physics class determine the index of the refraction of glass. College prep. classes such as this one prepare students for higher education.

Miss DeLo's fifth period Child Care class is taking a test. Classes in homemaking, child care, and foods help prepare senior girls for married life.

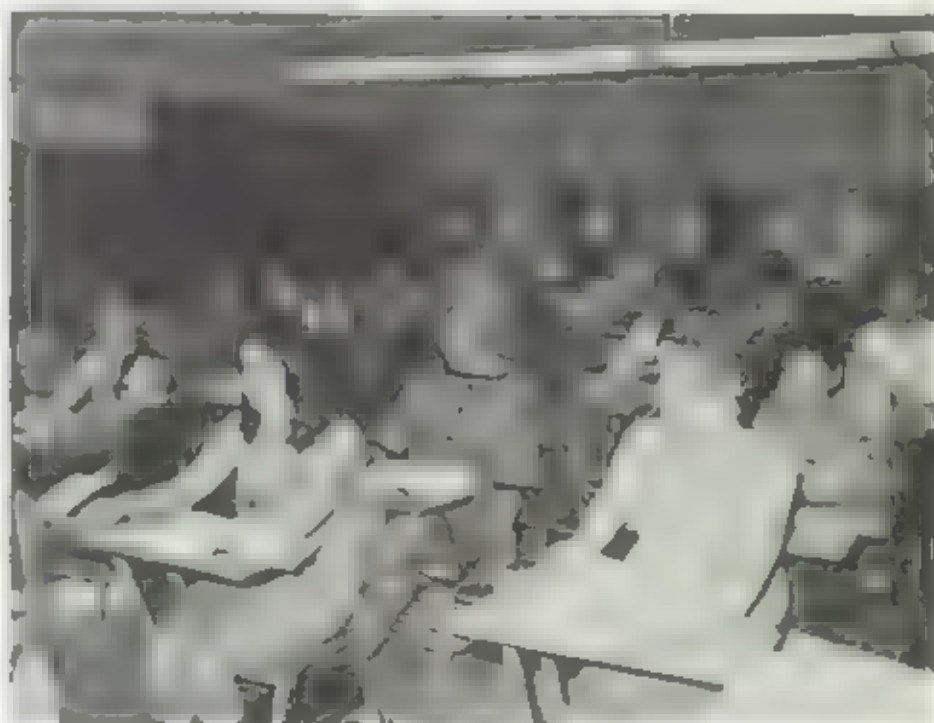

and Direct Senior Class

The members of the Senior Class Steering Committee are (Row 1) Donna Miller, Robert Rhodes, Joan Stopnik, Debra Stevens, Bonnie Hamilton, Yolanda Segura (Row 2) Tim Saunders, Allison Green, Tina Romero, Rose Zirkelbach, Gayle Calder, Karen Massen (Row 3) Pam Jones, Mark Abel, Pat Schwerdtfeger, Kim Long, Larry Bottema, and Melody Penter.

The senior class was guided and counseled by their advisors, Mrs. Allen, Mr. Jablan, Mr. Sloniger, and Mr. Steinbroner. With their help, the senior class was able to sponsor a Powder Puff Basketball Game, a Senior Dance, and other fund raising activities, in order to obtain money for the All Night Party.

Students elect representatives, study the function of government, and grow to be responsible citizens in American problems and English IV. Miss Ferraro's third period sociology class reviews for a test, while Mr. Wilkins fifth period government class studies in the library.

In order to become a sealbearer it is necessary for a student to make C. S. F. for four semesters, including one in his senior year. California Scholarship Federation is an honorary academic organization requiring at least three A's and one B excluding P.E. It is difficult to become a member. These students, therefore, are our very best and we are proud of them.

Editor's Farewell

We of the EL LANCERO don't just photograph and write; we participate and try to capture life, fleeting moments that must last forever, captured between the "golden covers" of memories known as EL LANCERO.

Those romantics among us often agree to the above dream that the 'golden book' of memories reflects. But ask any four year man, and although he will say that it was not all play and no work, but almost the opposite, there were activities to join in and sports events and dances to go to. These memories, and also those of the two-hour finals, are the ones we are trying to capture and hold for posterity, for all of us to look back upon in the future years and wish that life was that simple and romantic again.

This book is for memories; this is to look back with, to remember by. We should use this means of time travel, and not try to keep the

past alive in our conscious minds; for the past is valuable as a guide post, but not as a hitching rail. We should all strive onward, starting now to form plans for our futures. For some of us this will be our last summer, the last summer to be free from work or school responsibilities. We seniors, after graduation, will go on to school, into the service, or into marriage. Some we will never see again; some we will see too much of. The juniors will become seniors on the last day as their rings are turned by a then 'alumni'. Sophomores will become juniors, freshmen will rise above their lower station and become sophomores, and for a brief time Norwalk will be free from freshmen; at least until summer vacation ends.

All of this, and much more, will be saved, all recorded as history. How did your chapter in this history come out? Was it exciting, interesting, filled with life and unforgettable memories? Or was it dull, uninteresting, and uninspiring to others and to yourself? Remember that you paved your own road through Norwalk, be it gold or cobble stones. You wrote your own chapter. This chapter of your life is already in, too late to change. But the future is yours, "and everything that is in it" Draw your plans now! Be ready when the future becomes the present!

Not only do I, as editor of EL LANCERO, want to give my class a final inspiration and challenge as we part after four years together, and give encouragement for those who will be returning in the fall, I want to somehow express my sincere gratitude, as I know it also comes from the entire staff, to all of those who helped in the making of this book. It takes more than the individual efforts of the staff to publish an annual.

Understanding, assistance, and cooperation are needed. I know that I could not possibly mention all who deserve acknowledgement, but in mentioning just a very few, I hope to be reaching all of you. The staff and I give our thanks to Mr. O'Kane and his Photo II class for trying to keep up with, and keep straight our many picture orders and our whims; to the coaching staff who let us interrupt their schedules and valuable time to take pictures and preserve them in the EL LANCERO. And let's not forget Mrs. Allen, the dynamic sales driver and financial advisor who helped the staff make sales. Here I want to give personal thanks to Miss Pickett, the staff advisor, whom I have worked with for the last two years, and from her, have been guided, inspired, and taught the fundamentals that go into the publishing of the year book.

Of course there are many more, such as the teachers who let us escape their classes in order to meet deadlines and catch up on pictures that had to be taken. But you that I have missed know who you are; and I hope you derive as much satisfaction from seeing "our" labors in print as I do. Our common goal has been accomplished. We can now feel that "certain satisfaction" that comes with unselfish devotion to that cause in which we were enlisted.
